INTERESTS

- Exploring New Technologies
- Problem Solving
- Continuous Learning

LANGUAGES

- English (Fluent)
- Urdu (Native)

EDUCATIONS

Bachelor of Software Engineering   2022- 2025
University of Karachi – UBIT

Intermediate   2019- 2021
Govt. Degree Girl College

Matriculation   2017- 2019
The Educator school

PROJECTS (PERSONAL PRACTICE)

1. **To-Do List**
   🔗 grocerylist-zf.netlify.app
   Developed a simple task management app to add, mark, and remove tasks dynamically using JavaScript.

2. **Photo Portfolio**
   🔗 photo-portfolio-zf.netlify.app
   Created a responsive personal photo gallery to highlight UI design and layout structuring using HTML, CSS, and JavaScript.

3. **Weather Forecast**
   🔗 weatherforecast-zf.netlify.app
   Integrated live weather API to display real-time forecasts with location-based search functionality.

4. **Study Board**
   🔗 studyboard-zf.netlify.app
   Built a dynamic React.js board to organize study tasks, applying Tailwind CSS for responsive styling.

5. **Restaurant Reservation System**
   🔗 GitHub
   Designed a full-stack web app with React.js, Tailwind CSS, and MongoDB for booking and managing restaurant reservations.

6. **Calendar App (React Native)**
   🔗 GitHub
   Developed a calendar scheduling app in React Native, allowing users to view and manage date-wise tasks.

7. **To-Do List (React Native)**
   🔗 GitHub
   Built a mobile-friendly to-do app using React Native to manage daily tasks efficiently.
